

Rimpo and Associates, Inc.

Climate Change & Air Quality Consulting

Rimpo and Associates, Inc. offers a full range of climate change and air quality consulting including Greenhouse Gas Inventories, Climate Action Plans, CEQA/NEPA Document Preparation, Dispersion Modeling, Health Risk Assessments, Conformity Determinations, and Indirect and Stationary Source Air Permitting

Energy and Industrial Project Experience

- Central Valley Natural Gas Storage Project, Colusa, CA
- Short Sea Shipping Project — Port of Stockton, CA
- Vernalis East and West Air Quality Analysis—Teichert Aggregates, San Joaquin County, CA
- Kirby Hills Underground Gas Storage Project—Lodi Gas, Solano County, CA
- Solano County Power Plants—Panda Energy, Solano County, CA
- Wallula Power Project—Washington State Energy Facility Siting Commission, Wallula, Washington

Residential and Mixed Use Project Experience

- Sierra Vista Specific Plan – Roseville, CA
- Kerry Ranch I, II, III Residential – Santa Rosa, CA
- City of Rialto General Plan Update – Rialto, CA
- San Benito County General Plan – San Benito County, CA
- Merced County General Plan– Merced County, CA
- Salinas Ag-Industrial Center – Salinas, CA

Greenhouse Gas Projects

- Pelton House Winery, Sonoma County — Kendall Jackson Wineries
- Best Family Winery, Sonoma County, CA
- Environmental Threshold Updates – Tahoe Regional Planning Agency
- Saggio Hills Resort and Residential, Healdsburg, CA
- Beverage Storage Warehouse – Sonoma County – Mesa Beverage

Teaching Experience

- Air Quality Transportation Training – Caltrans
- NEPA Air Quality Training – U.S. Environmental Protection Agency (Region 9), San Francisco, CA
- URBEMIS Training—Sacramento Metropolitan AQMD, Sacramento, CA
- URBEMIS Training—Monterey Bay Unified APCD, Monterey, CA
- Air Quality Training—University of California Extension, Davis, CA

Greenhouse Gas Policy Development

- CEQA and Climate Change White Paper – California Air Pollution Control Officers Association (CAPCOA)
- Model Policies for Greenhouse Gases in General Plans – CAPCOA
- Alternative Approaches to Analyzing Greenhouse Gas Emissions and Global Climate Change in CEQA Documents - Association of Environmental Professionals (AEP)
- CEQA Air Emissions Database – Bay Area Air Quality Management District (BAAQMD)
- Greenhouse Gas Evaluation Methodology for Transportation Projects – California Department of Transportation

Air Quality Model Development

- Bay Area AQMD GHG Calculator for Land Use Projects
- URBEMIS Model Development—California Air Districts.
- Road Construction Model—Sacramento Metropolitan AQMD

Transportation Projects

- Hazel Ave. Bridge Widening – Sacramento County, CA
- New Folsom Bridge – Army Corps of Engineers, Sacramento, CA
- Highway 50 Interchange Improvements in Sacramento, San Joaquin, Yolo, and El Dorado Counties
- Interstate 80 Interchange Improvements in Contra Costa, Yolo, Sacramento, and Placer Counties
- Watt Avenue Bridge Widening, Sacramento, CA
- Interstate 5 Interchange Improvements in San Joaquin, Sacramento, and Yolo Counties
